PUBLIC NOTICE AND ORDER

Firework Restrictions

The Pueblo de San Ildefonso is imposing FIRE WORK RESTRICTIONS on all Pueblo Lands. These restrictions are necessary due to the current drought conditions and increasing fire danger. To ensure the protection of all Pueblo health and safety, natural resources, residents, and property; the following firework restrictions are EFFECTIVELY IMMEDIATELY and will remain in effect for the entire Fourth of July weekend.

1. Fireworks are not permitted outside of safe areas of a homeowner’s yard area.
2. No Fireworks after the 9:00 pm Curfew.
3. No Fireworks in the bosque area or any other wooded area.
4. You must have immediate access to a water source when using fireworks.

The Bureau of Indian Affairs Law Enforcement and Tribal Rangers will be enforcing these restrictions. If you have any questions you may contact the Governor’s office at (505) 455-2273.

On behalf of the Governor and Tribal Council, thank you for adhering to these restrictions and for helping keep our community safe.
LEGISLATIVE UPDATE

JULY 2020

FY 2020-2021 Annual Budget

A Public Hearing was held on June 17, 2020 to allow the community to review the FY 2020-2021 Annual Budget which was approved at a Council Meeting on June 19, 2020.

Wastewater/Project

Phase II of the Wastewater Project is still moving forward but additional funds are needed to complete the project. The Pueblo will be submitting an application to the USDA for a $2M grant. We remind tribal members to be aware of and participate in the Income Verification Survey (which is needed due to inaccurate numbers recorded by the 2010 census). RCAC, the company conducting the survey, needs 45 more participants to complete this survey so that we can get the USDA funds as a grant and not as a loan. RCAC has received permission to do the survey by telephone, so if they call please participate!

Phase III of the Wastewater Project is being modified to include a treatment area for our Pueblo to be located at the Pueblo. Continual work is being developed along with a tech memo to guide the Pueblo to make the best decision on where and what type of treatment area/plant will be for long range planning.

Regional Water System

Construction has begun down at the intake site in the Bosque area. Infiltration wells will supply water for the Pojoaque Valley water system. Eventually we will have a treatment plant, to be built at the El Rancho area which will pump clean treated water to our Pueblo, Pojoaque, Nambe, Tesuque and last to Santa Fe.

Museum and Cultural Center

The Museum and Cultural Center (MCC) survived the State of New Mexico’s budget cuts due to the loss of revenue. This is a $2M grant. The architectural firm, Barbara J. Felix has been selected and the firm will be meeting with the community soon to begin engaging overall ideas and concepts for how the MCC will serve the community and how it will look.

If you have concerns, or suggestions, please contact us at the phone number below or wsc.tc@outlook.com.

The Legislative Office wishes all a safe and happy 4th of July holiday!
Pojoaque Basin Regional Water System

The Pojoaque Basin Regional Water System project is in progress at the Water Intake Site located northeast of Otowi Bridge. The Bureau of Reclamation through its contractor CDM Smith will be constructing two (2) collector wells including water and electrical infrastructure to the Mechanical / Electrical building. The attached map identifies the construction area and only authorized personnel can enter. Please keep out of this area.

If you have any questions, you may contact Stephen Martinez at (505) 670-2606 or (505) 455-4138.

Illegal Trash Dumping

Illegal trash dumping has been observed by administrative staff in various areas. Violators will be cited and referred to the Pueblo de San Ildefonso Tribal Courts. Please use the Transfer Station during operational hours: Mondays, Thursdays, and Fridays – Open from 8:00 AM to 5:00 PM; Saturdays and Sundays – Open from 8:00 AM to 5:00 PM. Below is the Pueblo de San Ildefonso Law and Order Code for littering:

Section - 55.5 Littering

Any person who shall dispose of any garbage or other forms of litter or waste anywhere within the exterior boundaries of the Pueblo, including waterways, roadways, public roads, campgrounds or other public places, except in public wastes disposal grounds designated by the Council shall be guilty of a violation and, upon conviction thereof, may be subject to pay a penalty assessment of not exceed $100.00, with costs, or to such other orders of the Court, and may be required to clean up the litter.

ADDENDUM
Section – 55.5 Littering and Illegal Dumping

Any person(s) who shall dispose of any garbage or other forms of litter or waste anywhere within the exterior boundaries of the Pueblo of San Ildefonso, including waterways, roadways, public roads, campgrounds or public places, except in public waste disposal grounds designated by the San Ildefonso Tribal Council shall be guilty of a violation and, upon conviction thereof, may be subject to pay penalty assessment of a minimum of $500.00 and a maximum of $1,000.00, with costs, or to such other orders of the Court, and may be required to clean up the litter.
EMPLOYMENT OPPORTUNITIES

June 29, 2020

San I Services needs your help!

With CARES Act funding we will be looking to upgrade the Totavi and White Rock Stores to allow cleaner stores, open up the drive through, and create a space to show case local artists work.

Because of this, we are looking for employees to work in the stores and individuals or small businesses that can provide services to us. We are looking for:

- A creative individual with ideas on a space we can create within the stores to show case the Pueblo Artists.
- An individual or small business good with computers that might consult with us get our computers and software set up that will help us with operations.
- Potential employees who want to work at the stores as cashiers
- Employees interested in working at the Totavi Grill.
- Individuals that want to help clean part time
- People with business or administrative experience who might be available to help with the stores or with future opportunities we are pursuing LANL.

Some of the positions above we have immediate openings for, others, we are gathering resumes from interested people to allow us to pursue opportunities in the future.

If you are interested or know someone who might be, stop by stores for application or contact:
Michelle Vigil at (505) 670-9472 or mvigil@sanisvcs.com or
Peter Fant at (505) 274-9884 or at pfant@sanisvcs.com

MEMORANDUM

TO: Pueblo de San Ildefonso Community and Staff
FROM: Mekko M. Miller, Chief Judge
DATE: 6/25/2020
RE: Tribal Court COVID 19 Guidelines

In addition to any and all protections already in place by tribal government due to the continued safety risk of COVID 19, the Pueblo de San Ildefonso Tribal Court has implemented the following protections for staff and court patrons.

1. **Appointment Only for Face to Face Visitors** - Court patrons in need of services must phone the court in advance to set up a time to visit the court. This can be accomplished by phoning and speaking with the clerk or by leaving a message with their name, phone number and a brief description of the type of services required. The clerk will return your call and set up an appointment time.

2. **Face Masks Required** - Only those wearing face masks will be allowed in courthouse.

3. **No Children** - Persons under the age of 18 are not allowed in the courthouse.

4. **No Public Restrooms** – Restrooms within the courthouse are closed to the public.

5. **Mandatory Sign-in** – Upon arriving at the courthouse, all visitors will be required to sign in, and provide a mailing address, phone number and email.
Enrollment Open to Everyone!!

NOTICE

SAN ILDEFONSO DAY SCHOOL IS ENROLLING FOR NEW STUDENTS AND KINDERGARTEN. PLEASE CONTACT PRINCIPAL JULIANNA TRUJILLO AT 505-690-9358 (CELL), 505-455-2366 (OFFICE) OR VIA EMAIL at julianna.trujillo@bie.edu FOR A REGISTRATION PACKET OR FOR MORE INFORMATION.

Governor Martinez:

I am pleased to announce to you that beginning today, NPHA has resumed normal office hours and operations. I do want to comment that during this pandemic, while working remotely and in part from the office, the staff at NPHA was able to maintain a level of effectiveness with services not being diminished, for which the staff has been commended. However, even with the reopening of the office, I have instituted “Stay Safe Office” measures to be followed by staff, tenants, and anyone entering the building. They are as follows:

1. Sometime during the week a plexiglass will be installed at the front reception desk.
2. Pueblo members having NPHA business along with others entering the building will be required to wear a mask (signs will be posted). When we communicate with anyone entering the building for any purpose, employees also will wear masks. Tom will be required to wear a mask when out in the field, although I believe it is a requirement of San Ildefonso.
3. We will see our patrons by appointment only.
4. Meetings in our board room will follow social distancing measures. We can easily space ourselves far enough apart at the conference table.
5. Areas of constant touching will be sanitized.
6. I am in the process of reviewing a quote for having the office sanitized.
7. Anyone who gets any kind of sick feeling to the point they don’t feel quite right will be required to stay home or leave work if it happens at work.

As always, feel free to contact my office with any questions or concerns.

Respectfully I remain,

Rob

Rob Corabi
Executive Director
Northern Pueblos Housing Authority
Rob@nphousing.com
505-455-7973
Stop by Torres’ Little Library
Activities, Games and Puzzles

Also, the free snack shack is open, please take what you need

We will add to it weekly so children have a place to stop by, we ask that once finished with a book, game or puzzle that it be returned for others to enjoy as well.

We hope the children will enjoy the opportunity and explore with their imagination through books/games/activities.

*We will have free masks available until we run out
Happy 4th of July!

Po-Who-Geh-Owingeh,

My name is Aaliyah Gonzales, I am currently working part-time with the 2020 Census, and have been since March. In March, Covid-19 hit and the Census was put on hold. During this time, the Government was pushing to get people to complete the Census online, which you still have time to do!

So what is the Census? The Census provides money to the state for things like Health Care, Schools and other important needs. The Census is a survey that comes around every 10 years and will take less than 5 minutes. My job in the Census is to Update Addresses and Leave a packet. In the packet, there will be the paper version of the Census survey and a Confidentiality notices which states the Census will not share any of your personal information with anyone.

Unfortunately, due to COVID-19 Restrictions, I unable to enter your homes, so if you see my black or silver vehicle infront of your driveway or in your yard, just know I’m updating your address. I will be around housing areas, taking addresses and leaving the packet on your doorstep. I won’t know if you’ve already completed the Census and so I apologize in advance for the extra surveys, I’m just doing what I am told. Please make sure your house number(s) is eligible so that I can read it clearly.

If you have any questions, please contact Bernice Martinez at the Library as she is the Census Liason for the Pueblo.

Kuu-Dah, Thank you,

_Aaliyah Gonzales_
Transfer Station

The transfer station has 4 bins

The compactor- bagged trash
The Metal bin- all metal items
Recycle bin- Recycled items
And the OPEN BIN- all trash

Do not throw any boards, sticks or any metal poles in compactor (The boards, sticks and poles may get stuck in compactor and damage it.)

Throw metal items in metal bin- including washer and dryer

Do not throw food of any kind or trash in Recycled bin – (food and trash will contaminate recycled items and will need to get throw out with regular trash, (if this should keep happening the recycled bin will be taking away from us.)

Throw Weeds and tree branches- On the other side of bins at the bottom of the hill - (if you have boards or trash mix with weeds and branches, throw in open bin).
There is **No** dumpster diving allowed

(Keep out of bin, unsafe and very dirty)

Keep your children in vehicle at all times

NO SPEEDING - Slow down as you enter transfer station

Help us kept the transfer station ,equipment working and clean

Any question, give me a call
250-8297, Roberta
Monday - Monday 8:00-5:00
Closed Tuesday and Wednesday
Closed Holidays
Check bulletin for any closures at Transfers station

Happy Parents day

Parents Day Quotations

"No matter how far we come, our parents are always in us."
- Brad Meltzer

From the Transfer Station
HOW DO YOU MAKE FRUIT SMOOTHIE POPSICLES?

1. In a blender, combine orange juice, Greek yogurt, and frozen fruit. *For creamier popsicles, use more yogurt.

2. Blend on high until smooth.

Pour into popsicles molds, insert popsicle sticks, and freeze until firm.

INGREDIENTS

1 1/2 c. orange juice
3/4 c. vanilla Greek yogurt
2 1/2 c. frozen fruit - your choice Most berries work beautifully in popsicles, though you can also use mango, fresh banana, peach, or fresh watermelon.

INSTRUCTIONS

Combine all ingredients in a blender; mix well.

Pour into popsicle molds and freeze until firm.

NUTRITION INFORMATION: YIELD: 10 SERVING SIZE: 1Amount Per Serving: CALORIES: 39TOTAL FAT: 0gSATURATED FAT: 0gTRANS FAT: 0gUNSATURATED FAT: 0gCHOLESTEROL: 1mgSODIUM: 7mgCARBOHYDRATES: 8gFIBER: 1gSUGAR: 6gPROTEIN: 2g

How do you make popsicles without a mold?

You can make popsicles in yogurt containers, muffin tins, shot glasses, or even a loaf pan! If you have trouble getting the sticks to stand upright in these unconventional molds, tightly wrap the top of the mold with aluminum foil (trying to prevent the foil from touching the popsicle mixture). Then just poke your popsicle sticks through the foil and they will stand upright!

The Three Elements of Fitness

If you have ever watched kids on a playground, you've seen the three elements of fitness in action when they:

1. Run away from the kid who's "it" (endurance)
2. Cross the monkey bars (strength)
3. Bend down to tie their shoes (flexibility)

Endurance develops when kids regularly get aerobic activity. During aerobic exercise, large muscles are moving, the heart beats faster, and a person breathes harder. Aerobic activity strengthens the heart and improves the body's ability to deliver oxygen to all its cells. Improving strength doesn't have to mean lifting weights. Instead, kids can do push-ups, stomach crunches, pull-ups, and other exercises to help tone and strengthen muscles. They also improve their strength when they climb, do a handstand, or wrestle. Stretching exercises help improve flexibility, allowing muscles and joints to bend and move easily through their full range of motion. Kids get chances every day to stretch when they reach for a toy, practice a split, or do a cartwheel.

Department of Health reports deaths due to methanol poisoning from hand sanitizer

SANTA FE — The New Mexico Department of Health (NMDOH) reports three recent deaths from methanol poisoning. In addition to the three people who died, one person is permanently blind, and three others are still in critical condition. All seven people are believed to have drunk hand sanitizer containing methanol.

These cases were reported to the New Mexico Poison Control Center last month, with the first case reported on May 7th. Reports of the other six cases have occurred since May 29th.

Use of hand sanitizers containing methanol for any purpose may result in poisoning. The U.S. Food and Drug Administration (FDA) recently advised consumers not to use nine brands of hand sanitizers, all of which were found to contain methanol.

Methanol is a toxic form of alcohol that can cause kidney damage, blindness, and death. Methanol may be fatal when inhaled, applied topically or ingested. Methanol is most dangerous when ingested.

Consumers who have purchased any of these brands of hand sanitizer are urged to stop using them and dispose of them as you would any other hazardous waste. In addition to these nine brands of hand sanitizer, non-commercially produced (bootlegged) hand sanitizer may also contain methanol.

“If you think you may have used or consumed hand sanitizer containing methanol, please seek medical care,” said Department of Health Cabinet Secretary Kathy Kunkel. “An antidote to methanol poisoning is available, but the earlier someone gets treated for methanol poisoning the better the chance of recovery.”

Healthcare providers who suspect a patient may have methanol poisoning should contact the New Mexico Poison Control Center at 1-800-222-1222.
FDA advises consumers not to use hand sanitizer products manufactured by Eskbiochem

[6/19/2020] FDA advises consumers not to use any hand sanitizer manufactured by Eskbiochem SA de CV in Mexico, due to the potential presence of methanol (wood alcohol), a substance that can be toxic when absorbed through the skin or ingested. FDA has identified the following products manufactured by Eskbiochem:

- All-Clean Hand Sanitizer (NDC: 74589-002-01)
- Esk Biochem Hand Sanitizer (NDC: 74589-007-01)
- CleanCare NoGerm Advanced Hand Sanitizer 75% Alcohol (NDC: 74589-008-04)
- Lavar 70 Gel Hand Sanitizer (NDC: 74589-006-01)
- The Good Gel Antibacterial Gel Hand Sanitizer (NDC: 74589-010-10)
- CleanCare NoGerm Advanced Hand Sanitizer 80% Alcohol (NDC: 74589-005-03)
- CleanCare NoGerm Advanced Hand Sanitizer 75% Alcohol (NDC: 74589-009-01)
- CleanCare NoGerm Advanced Hand Sanitizer 80% Alcohol (NDC: 74589-003-01)
- Saniderm Advanced Hand Sanitizer (NDC: 74589-001-01)

FDA tested samples of Lavar Gel and CleanCare No Germ. Lavar Gel contains 81 percent (v/v) methanol and no ethyl alcohol, and CleanCare No Germ contains 28 percent (v/v) methanol. Methanol is not an acceptable ingredient for hand sanitizers and should not be used due to its toxic effects.

Consumers who have been exposed to hand sanitizer containing methanol should seek immediate treatment, which is critical for potential reversal of toxic effects of methanol poisoning. Substantial methanol exposure can result in nausea, vomiting, headache, blurred vision, permanent blindness, seizures, coma, permanent damage to the nervous system or death. Although all persons using these products on their hands are at risk, young children who accidently ingest these products and adolescents and adults who drink these products as an alcohol (ethanol) substitute, are most at risk for methanol poisoning.

On June 17, 2020, FDA contacted Eskbiochem to recommend the company remove its hand sanitizer products from the market due to the risks associated with methanol poisoning. To date, the company has not taken action to remove these potentially dangerous products from the market. Therefore, FDA recommends consumers stop using these hand sanitizers and dispose of them immediately in appropriate hazardous waste containers. Do not flush or pour these products down the drain.

FDA reminds consumers to wash their hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after coughing, sneezing, or blowing one's nose. If soap and water are not readily available, the Centers for Disease Control and Prevention (CDC) recommend consumers use an alcohol-based hand sanitizer that contains at least 60 percent ethanol.

FDA remains vigilant and will continue to take action when quality issues arise with hand sanitizers. Additionally, the agency is concerned with false and misleading claims for hand sanitizers, for example that they can provide prolonged protection such as 24-hours against viruses including COVID-19, since there is no evidence to support these claims.

To date, FDA is not aware of any reports of adverse events associated with these hand sanitizer products. FDA encourages health care professionals, consumers and patients to report adverse events or quality problems experienced with the use of hand sanitizers to FDA’s MedWatch Adverse Event Reporting program:

- Complete and submit the report online or
- Download and complete the form, then submit it via fax at 1-800-FDA-0178.

COVID-19 Emergency in Indian Country

We Will Persevere If We Protect Our Community, Families & Ourselves

Who is at Risk? Any of us can get COVID-19. While we are 11% of the total New Mexico population, our people currently represent nearly 60% of all COVID-19 cases.

COVID-19, or more commonly known as “Coronavirus”, is spread through coughing, sneezing, touching, and close-talking from person to person. Alarmingly, someone who is showing mild symptoms or none at all may spread the virus. Those community members most at risk for serious lung and breathing illness include:

- Our tribal members over 60 years of age.
- Our people with heart disease, lung disease, diabetes, and other underlying health conditions.

What are the Symptoms? Fever, dry cough, shortness of breath, chills, muscle pain, headache, sore throat, or a loss of taste or smell.

We are one. Please be respectful of all community members, whether they are COVID-19 positive, are getting tested, are wearing masks, or their family is in quarantine. The more we all work together, the sooner we can all be together.

We Are One. #StoodisNM
For more information please visit doseofreality.com or iad.state.nm.us
Our Creator put us in places for a reason. Stay at home. Practice Social Distancing.

- Avoid gatherings with other people outside of your household (re: birthdays, dinners, etc.).
- Follow all tribal and state guidelines to the best of your ability.

Regularly Clean and Disinfect Your Home.

- Use 1/3 cup of liquid bleach per 1 gallon of water.
- Sanitize cell phones.
- Encourage the family to keep up with it.

Remembering Our Traditions.

- Practice language and prayer.
- Bead, make pottery, sew, and plant.
- Listen and follow directions of our tribal leadership.

If Someone Gets Sick or May Have Been Around Someone Who is Sick.

- In an emergency, call 911.
- Do not share food or items like utensils and towels.
- Stay home, rest, and drink plenty of water.
